Spring 2018

THE

CHAIR'S CORNER

With the first of April and Easter fast approaching, 2018 is moving along quickly. In the middle of February we welcomed Rev. Jock back from his holiday in South Africa and the congregation has been enjoying his weekly Lenten messages since his return. Attendance at worship services has been abundant in recent weeks and I invite everyone to join with us for Sunday worship as we continue our journey through Lent, a journey that will culminate in the joyous celebration of Easter. To accommodate those who have difficulty with the stairs, worship services are currently being held in the basement of the church.

Change is beginning to take place at Thames Road Elimville United Church. As the result of a vote following the presentation from the Exploration Committee at the Annual Meeting on February 11, 2018, the decision was made to decline entering into a shared ministry partnership with Crediton United Church. Instead, we will be beginning the search for a half time minister (20 hours per week) to serve our church family in the Thames Road Elimville community. The required paperwork to begin the search for a minister for our pastoral charge has been completed and the request to declare a vacancy to be effective April 2, 2018 has been submitted to Huron-Perth Presbytery for approval. Upon approval, our profiles will be posted on the London Conference Vacancies website and our Interview Team consisting of Amy Parsons, Erin

Parsons, Marianne Veldman, Helen Kadey and Beth Cooper will begin their work. Rev. Jock's twelve month contract with us is now completed and Council is in the process of negotiating an agreement with him to extend his time with us.

Following the presentation on the installation of a vertical lift in the church, those in attendance at the Annual Meeting voted to proceed with the project. The Trustees and the Property Committee will act jointly to work their way through the installation process. The proposed lift will be installed in the southeast corner of the building, opening into the sanctuary on the second level of the church. The lift will be supplied and installed for a cost of \$23,500.00 with the total cost of installation including the lift and related construction costs estimated at \$70,000.00. It is anticipated the work will be undertaken in July/August 2018. A request will be made to Huron-Perth Presbytery for a \$10,000.00 Visionary Fund grant and for permission to use investment funds held from the sale of our manse to fund the project. Dan Gill Construction has been contacted to undertake the construction work related to the installation.

As for other improvement projects to be undertaken in 2018, it is anticipated the outside area at the back door entrance to the church will be upgraded to improve the area in times of wet weather and to make the entrance more accessible.

Designated parking signs will be erected as part of the project.

With the upcoming proposed changes in the governing structure of the United Church of Canada, the current 13 Conferences across the country will become 16 Regions. Huron-Perth Presbytery will remain intact and will be part of Region 8 along with Bruce Presbytery, Waterloo Presbytery and most of the portion of Northern Waters Presbytery located north of Highway 9. It is anticipated there will be a subsequent process to name the Regional Councils. Our region will include 138 pastoral charges and will be comprised of all ministry personnel and lay representatives from each community of faith. If Remit 1 is enacted by the 43rd General Council when it meets in July 2018, the Regional Councils will come into existence on January 1, 2019. The new region will meet in the fall of 2018 to organize and the last Huron-Perth Presbytery meeting will be in November 2018.

This is indeed an exciting time for our faith community as we travel aboard the Thames Road Elimville Express. Let's embrace the journey and enjoy the ride!

Blessings to all,

Larry Lynn
